

NEPS PARENT GUIDE

How you can help your child with online learning during Term 2.

TIME

Across the day, try and find 2-3 hours for your child to engage with their learning.

TIMETABLE

Write up the daily timetable, so kids can cross tasks off when they are done.

PATIENCE

Mistakes happen and working through these together makes your child a better learner.

VOICE

Learning is hard. Take your time to help and explain in a calm voice.

SPACE

Find a spot where learning will happen at home.

EFFORT

Your child is able to do this work. You can help them succeed.

ASK

Email the class teacher for ideas if you are stuck or things aren't working.

REWARD

When 'school' has finished, reward yourself and the kids.
